

WYOMING WING ENCAMPMENT, CIVIL AIR PATROL

Barracks Daily

ISSUE 1

04 Aug 08

Know your airplanes! Yesterday's aircraft was a F-22. What type of aircraft is this?

Safety Paranoia!!!

Cadets you have been doing great with your safety! The only thing that I can find to comment on is the water. Make sure that you are drinking enough water during the day! You don't have to wait for your flight sergeant to tell you to drink, you can remind him that you need one! So make sure you are getting water in your system.

Barracks Extras

Picture of the Day: This is called frustration. And you thought that you cadets had it bad!

Word of the Day: Discipline

Mistake of the Day: Hospital corners!!! They aren't that difficult! Get them right!!!

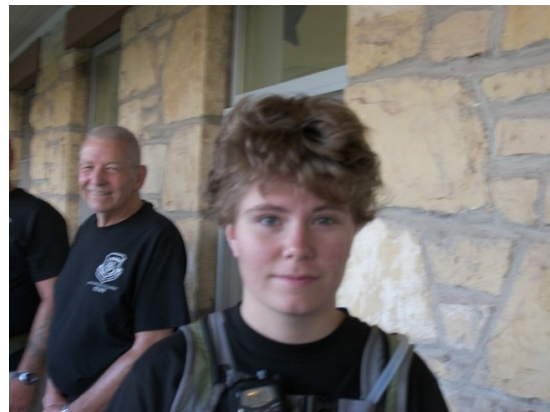

Merits of the Day: We don't have one today but sergeant Cattaneo, male version, would like to apologize for the typo yesterday on cadet Axford's name. Sorry!!

Tip of the Day: Again, HOSPITAL CORNERS!!!

Joke of the day: We have a surprise today! It's...Bravo Flight!!! Alpha did much better today and made Bravo sweat to keep up. Way to go Alpha!

Day Three

Da-dada-daa!!! That's day three!!! While it was mostly classes it was still a blast. I have a tip for the cadets who are reading right now. Stay in bed for as long as possible! Even if you wake up earlier than when staff wakes you up don't get out of bed. Lay there and give your body as much rest as possible! Trust me, it will help with staying awake during the day!

Quote of the Day:

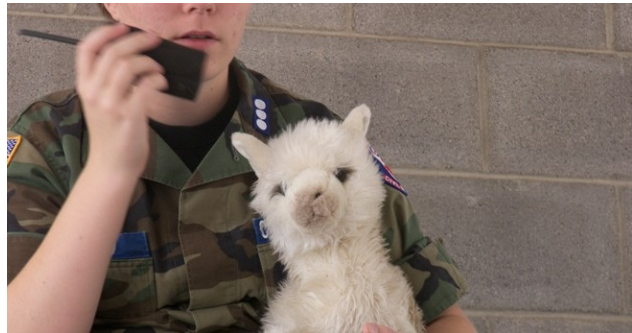

"Donde es Queso?"
