Know your airplanes! Yesterday's aircraft was a UH-1N Huey . What type of aircraft is this? Lieutenant Colonel Davis has a prize for the FIRST person to tell him what it is! (Contest ends Saturday at Breakfast!)

## Day Five Over!!! Huzzah!!!

Bang! Bang! Bang! Bang! Bang! Thwump!! Boom!! Wait!! Hold your fire! That was a civilian! They weren't holding a gun. Oh, they had a thumb up. That's ok then. Don't you just love FATS? I know I do and I think that you can all agree with me that it was a highlight to my day! And its day five! Only four more days until you get to go home, though I'm sure that your X-box will be looking pretty wimpy after the FATS! Well that's all for now cadets. Have a good day, be safe, and learn something new! Oh, and practice your hospital corners a little more.

## Safety Paranoia!!!

Cadets, you will be going out to the field tomorrow so you need to be aware of snakes and other small animals. You need to watch where you step and make sure to drink plenty of water!

# DAILY SHOTS

The bunks are looking better cadets!

Story time!! Yay?!

Howitzers, gotta love 'em!

Today I have another interview for you! I was able to talk to the encampment commander, Major Carlson. I asked a few questions and this is what she had to say.

**BD:** Ma'am, where are you here from to be with us this year?

**MC:** Well I'm from Burlington Wyoming and I now live in Cody with the Cody squadron.

**BD:** very nice, I like Cody. So how long have you been in CAP ma'am?

**MC:** Oh I joined in 2002, so about 6 years.

**BD:** I see! So what would you say is your favorite part of CAP?

**MC:** Working with polite and respectful cadets. I'm a teacher but you wouldn't catch me in a high school or middle school. The children are just too disrespectful. But the cadets here are a different breed!

**BD:** Well thank you ma'am. I'm sure the cadets will be happy to hear that.

Why did you take the job of the encampment commander?

**MC:** Well last year I was the deputy commander and the year before that I was a TAC officer so I already had encampment know-how. Also I had a great teacher and inspirer in Lieutenant Colonel Davis. I learned a lot from him. So when he asked me, I said yes.

**BD:** Well thank you for your time, ma'am.
